With its dedicated service, professional approach and innovative marketing strategies, the company has grown to a level where it stands as one of the most reputed companies in Kuwait. There is a whole team dedicated to one goal, your success.

## TRADING & SOURCING

The business of buying & selling is one that goes way back into history. It was an important element in the flourishing of the middle-east in the past, a region of trade routes that were once vital to the world's economy and still is.

Partnership is a two way street and is a very essential element for any business. We partner with manufacturers to understand their products and capabilities. We partner with our customers to put these products and capabilities to work in the most productive, efficient and profitable ways possible.

CAPSINT has extended their product range having excellent procurement sources from reputed manufacturers and suppliers across the globe.

Today we represent many reputed companies in Kuwait and overseas.

We are into a wide range of trading and sourcing services , Just ask and we source it all.

## Personal Care Products : (Raw & Finished)

### Shea Butter

Shea butter has been used in Africa for many centuries. It is produced from an edible nut of a fruit from The Shea Tree or The Karite. The Tree grows in the western region of Africa.

Our Premium Shea Butter is 100% Raw and unrefined! That means it has a gorgeous ivory color and it's loaded with antioxidants, fatty acids, and vitamins. An incredible healing agent and beauty treatment, Raw Shea Butter will soften your wrinkles and fine lines and condition and moisturize your skin from sun damage. Absorbs easily and penetrates deeply without a greasy finish. A tried and true treatment for eczema, psoriasis, rosacea, cuts, burns, stretch marks, razor bumps, rashes, sun damage, dry and cracked skin.

## African Black Soap

African natural black soap is one of the **most healthful yet unheard of soaps you will find**. This black soap contains more benefits for healthy skin than you can imagine.

African Black Soap is soft with an organic shape. It has a **delicate texture and a natural, earthy smell**. It is not oily, and can be used for **hands, face, body and hair**. It is most commonly found in Ghana.

It has been known to help to relieve acne, oily skin, clear blemishes, and various other skin issues. It is also known to help soothe skin irritations and conditions such as eczema, rosacea, and psoriasis. African Black Soap is excellent for removing makeup, dirt, and oil while leaving the skin clean with a fresh, healthy glow this 100% all natural soap contains no scents, preservatives, or chemicals.

African Black Soap is fantastic for showering, bathing, washing the hair, face and feet and is suited for all skin types.

## Cocoa Butter

In the last decade, cocoa butter has become widely accepted as a beneficial skin care ingredient. The butter is extracted directly from cocoa beans as a yellowish fatty acid .

Cocoa butter is a natural antioxidant that clears and smoothes the skin. It is frequently used for treating dry skin and stretch marks. Cocoa butter is a natural source of vitamin E as well as a beneficial treatment for chapped hands, feet, lips, pregnant skin and other skin irritations.

Cocoa butter contains no petroleum, preservatives or harsh chemicals. It is grown mostly in Ghana and is from the Theobroma cacao tree.

Cocoa butter is a delicious and nourishing butter that will keep skin extremely supple, moisturized and revitalized thus cocoa Butter is a great ingredient for soap making.

### Ingredients

Shea oil, vitamin E, essential oils of lavender, palmarosa & lemon grass.

## Cocoa Products

### Semi-finished Cocoa Products

These are made from premium Ghana Cocoa Beans. The beans are sorted, roasted, winnowed and milled to produce cocoa liquor. Cocoa liquor is pressed to release the butter and leave a residue of cocoa cake with 10-12% butter. The cocoa cake is kibbled and sold as kibbled cake or milled and sold as cocoa powder.

### Cocoa Liquor

This is the first commercial product obtained in the processing of cocoa beans but contrary to its name, does not contain any alcohol. Sold under the trade name **Portem**, our cocoa liquor has a fineness of 98% and a strong rich flavor of premium roasted cocoa.

### Cocoa Butter

**Portem** Cocoa Butter has a clear pale yellow color and is produced to meet stringent quality specifications that ensure that make it the product of choice by discerning chocolatiers.

### Cocoa Cake

Portem cocoa cake is available as natural or alkalized cake.

### Cocoa Powder

Milled to a fineness of , Portem Cocoa Powder is available in natural and alkalized forms.

### Chocolate Covertures

Chocolate Covertures comes in two varieties, milk chocolate and dark chocolate. Usually in 25kg blocks or 100g bars packed 250 in a carton (for easy melting), chocolate couverture is a high quality chocolate with relatively higher cocoa butter content than normal chocolate. It is usually re-melted by the user for use as a glaze, enrobing agent, dip, for moldings, baking and garnishing.

## COMMODITIES

### Animal Feed

**Fodder or animal feed** is any agricultural foodstuff used specifically to feed domesticated livestock, such as cattle, goats, sheep, horses, chickens, camels etc..
